

Supplier Guide to Supplier Registration

Overview:

The purpose of this Training Guide is to provide an overview of the **Zoetis Supplier Registration Questionnaire** process. Zoetis uses **Ariba SLP** and the **Ariba Network (AN)** to manage its sourcing and procurement activities and to collaborate with suppliers. There is no cost to the Supplier to register on the Ariba Network.

New suppliers must complete the Supplier Registration form via the AN. After Zoetis processing, and once your Supplier record is created at Zoetis, you can elect to communicate with Zoetis via the Ariba Network or receive your purchase orders through the Ariba Network. You can also update your Zoetis profile through the AN (e.g. contact or banking information).

IMPORTANT: You have 30 days to respond to your Supplier Registration Questionnaire. If you do not complete the questionnaire by the end date, or if you lost the original email, you can ask your Zoetis contact to resend an invite email.

More about Ariba Network (AN):

Use of the Ariba Network for supplier registration is free for suppliers.
